Join us! Just \$29/week brings your household FRESH, LOCAL GOODNESS that will leave you looking forward to the next week! Details inside! Homestead Hill is a Community Supported Agriculture program that is part of Bardenhagen Berries farm, located at 7990 E. Horn Road, Lake Leelanau, MI.

What is Community Supported Agriculture?

Also known as "CSA," we see it as a partnership between our farm and customers who become "members" of the program, sharing in the weekly harvest as well as some of the risk. In exchange for an upfront investment at the beginning of the season, members receive a weekly share of produce. It is a win-win for both customers and farms!

Our Mission is to Provide:

- ❖ **Sustainably grown, fresh, quality produce.** Our vegetables are grown using organic practices, and the three acres where we grow them is currently in transition to "USDA Organic" certification. We do not use synthetic chemicals or fertilizers and practice minimal soil tillage.
- ❖ **Inspiration.** Want to cook like a rock star? Well, we can't make any promises, but we do know the best chefs are known for sourcing the freshest produce available from their local community.
- ❖ **Early availability.** Season extension, including a hoop house, will help us get you certain crops earlier than you could otherwise grow in your own garden! For example, expect to have tomatoes and cucumbers 2-4 weeks ahead of those grown outdoors.
- ❖ **Variety.** A variety of crops, designed to both appeal to your taste buds, but also outwit challenges provided by Mother Nature. We grow both heirlooms and our "tried and true" favorites!

CSA Options for 2018

SPRING VEGETABLES

Spring Treat (mid-April to early June)
